Driving Instruction Forward with a Comprehensive K-3 Literacy Framework

This workshop will explore effective ways to support developmentally appropriate growth for all primary students, including diverse learners.

We will provide practical strategies and routines for designing and implementing a comprehensive literacy program in an inclusive environment.

Included will be:

- designing a framework that supports effective literacy instruction
- using a variety of assessment tools to track literacy development
- engaging literacy activities that connect Reading, Writing, Word Work & Oral Language -to foster language development for all students

The format of the day will include direct instruction, video demonstrations, and active participation.

We will focus on examples for K-3 classrooms, but educators from higher grades who are interested in the instructional approaches above are certainly welcome!

We also encourage educators to attend in school-based teams, where possible (classroom teachers, resource teachers, teacher-librarians, administrators...)

Workshop Details:

When:

Monday, January 14th, 2019

Where:

John Paul II Pastoral Centre
[4885 Saint John Paul II Way, Vancouver](#)
