## Teaching Opportunity

Needed to start by March 05, 2018:

Vice Principal (preferably can teach high school subjects)

Secondary Sciences Teacher (Sc 10, Chem 11, Phys 12, Chem 12)

Secondary Math Teacher (Math 9, Math 10, Prec 11, Calc 12)

## About Us

SIS Canada was formerly a [BC Offshore](#) school located in Sokcho, South Korea for the past 6 years. In September we relocated our gr. 9-12 program to Vancouver Island to offer our students the opportunity to study in Canada. We are a Group 4 Independent school. ([Gallery](#))

## Be Ahead Of The Curve

SIS Canada is a technologically forward school that ensures low-class sizes and focuses on [project-based learning](#). We are a Google school, every student has a laptop, we have our own bus to encourage [field-trips](#) and utilize only the new BC curriculum.

## Small Class Sizes

At SIS Canada we keep class sizes low to ensure that every student receives the attention they need. For a teacher, afforded greater involvement, it often means a greater feeling of success.

## Supportive Environment

Every new teacher faces a learning curve when they start their career. SIS Canada offers a supportive environment for teachers in their first years of teaching. Here, you can feel safe to try new things, take risks and discover yourself as an educator.

## Get a Head Start

No rent. No utilities. No transportation costs. No food costs. And an attractive salary. As an option, SIS Canada can offer accomodation, daily transportation to and from school, 3 well-balanced meals a day, and **we will match a first-year teacher's salary with local districts.** For the Vice-Principal position, salary would be commensurate with experience and credentials.
