RE: "ARTISTS IN EDUCATION" Grants 2019-2020

Provided by the BC Arts Council and the Province of BC
Administered through *ArtStarts in Schools*

Again, this year, the B.C. Arts Council and the Province of BC is extending grants to independent schools in British Columbia to assist in bringing the arts and children together. Up to \$24,820.00 will be made available to independent schools collectively to match funds intended for the provision of performing arts programs.

The BC Arts Council and the Province of BC will contribute **up to** 70% of the professional artist fees for BC Artists, **up to** 40% for Canadian Artists outside of BC, and no grants for non-Canadian productions. Please check the 'Home base' residence status of the artist before submitting your grant request to our office.

It is difficult to gauge just how far the \$24,820.00 will stretch. FISA BC will, therefore, distribute the funds as fairly as possible. Based on the number of schools applying, grants paid to schools in past years ranged from \$70.00 to \$1,200.00

Schools are expected to apply for grants only toward programs having educational merit and which are offered by professional organizations or artists performing in:

- *theatre*
- *music*
- *visual arts*
- *literary arts organizations and artists*
- *dance*

The grant will be available only for **in school** performances.

Ineligible Expenses include:

- Non-professional artists, (these include established youth companies)
- School assemblies with motivational speakers, magic or novelty acts
- Events for which tickets are purchased, or for which admission is charged
- Fees for artists residing outside of Canada
- GST/PST

Consult www.artstarts.ca for additional grants available directly from ArtStarts not available through FISA such as **Artists in the Classroom**.

The procedure for application will involve the following:

- a. Please complete the application form and submit it to FISA BC. Apply for only **ONE** event per school.
- b. Documentation of projected costs, such as a pamphlet or quotation indicating current rate for performance in your area, **MUST** accompany your application. **Please do not send in an application without documentation.**
- c. FISA BC will consider the application from a school as "received" on the date that **all the necessary documentation has been received at the FISA BC office.**
- d. Applications will be received until September 13, 2019, at 4:00 P.M. We regret **that late applications will not be processed.**
- e. ArtStarts maintains a comprehensive directory of recommended artists which can be searched by artist, discipline, or specialty area: <https://artstarts.com/aotd>. FISA BC strongly urges schools to book artists through ArtStarts booking service. The \$45 booking fee is included in the directory's Artist Fees listing and is eligible for reimbursement at the "up to" 70% (BC artist) or "up to" 40% (non-BC Canadian artist) rate. Schools may also book directly with individual artists or through booking agencies. Artists who are not included in the ArtStarts directory must receive a satisfactory evaluation of their curriculum vitae by ArtStarts before grant applications can be approved.

- f. FISA BC will notify schools of the approved grant amount as soon as possible (usually towards the end of December).
- g. Following the event, please provide proof of payment in one of the following formats: **receipt** from artist, copy of **cancelled cheque, confirmation** from the artist showing **paid in full**, or Artstarts **booking service invoice**.

Considering Cultural Context and Safety

All applicants should consider the issues around cultural appropriation if artists they are selecting are using the cultural forms, aesthetics or iconography of cultural communities removed from their social, political and cultural roots. Cultural appropriation can also occur when there is insufficient credit given to the sources of artistic and cultural work. Cultural appropriation can cause harm to Indigenous and diverse communities through misrepresentation and stereotyping. It diminishes access and reduces the opportunity for artists from Indigenous and diverse cultural communities to tell their own stories.

If artists are working with Indigenous peoples, communities, culture or intellectual property (including but not limited to stories, songs, dance, designs, art, traditional knowledge or other cultural expressions), applicants should consider the principles outlined in the [United Nations Declaration of the Rights of Indigenous Peoples](#) (the Declaration). The Declaration affirms that Indigenous peoples have the right to self-determination and the right to practice and revive their culture and traditions. As stated in Article 11 of the Declaration,

"This includes the right to maintain, protect and develop the past, present and future manifestations of their cultures, such as archaeological and historical sites, artefacts, designs, ceremonies, technologies and visual and performing arts and literature."

Article 31 of the Declaration affirms the rights of Indigenous peoples to maintain, control, protect and develop their cultural heritage, traditional knowledge and cultural expressions and their manifestations and intellectual property. If you are working with traditional knowledge, you will need to explain how you have addressed cultural protocols and/or received permissions where required.

When considering which artists and arts experiences to submit with this application, please take cultural safety and appropriation seriously to ensure that students are thoughtfully engaging with traditional knowledge and stories in context. The [revised BC curriculum](#) offers an approach that we support:

"It is particularly helpful to co-operate and engage with experts from the community when learning about culture-specific contexts to avoid offence or misrepresentation or appropriation of culture. Cultural appropriation includes use of cultural motifs, themes, "voices," images, knowledge, stories, songs, drama, and so on without permission or without appropriate context or in a way that may misrepresent the real experience of the people from whose culture they are drawn."

If you are seeking further clarification on cultural context and safety, we encourage you to reference ArtStarts in Schools' [Anti-Oppression Guidelines](#). We are grateful for the learnings from our friends at [Inner Activist](#), [PeerNet](#), [SOGI 123](#) and [Tierra Negra](#).

Definition of Professional Artist or Arts Organization

Artists engaged in all funded activities must qualify as **practicing, professional artists**. A professional artist is defined as someone who has specialized training in the arts (not necessarily in academic institutions); is recognized as a professional by their peers (artists working in the same artistic tradition); is committed to devoting more time to their artistic activity, if financially possible; and has a history of public presentation or publication. (Definition from Canada Council for the Arts)

*FISA BC thanks the BC Arts Council and the Province of BC
for their generosity in making these grants possible*

BC Arts Council and the Province of British Columbia are committed to ensuring that all British Columbians are able to participate in a healthy arts and cultural community recognized for its excellence. Through this provincial financial support, the arts and cultural community will continue to achieve its creative, social and economic success.

ArtStarts in Schools is a catalyst in promoting arts and creativity among B.C.'s young people. Working with a dynamic province-wide network of educators, artists, parents, students, schools and communities, ArtStarts provides innovative arts programs for young people, practical resources for teachers and artists, and leadership in advocacy for arts in education.
