

DRY GRAD GRANT – TENTATIVE APPLICATION FORM

Note: FISA BC is usually advised in late November if a campaign will be held the following spring. In the interim, and to assist schools, we have posted this application form without due dates. Please feel free to complete and forward this application form to our office. We will include it in our request for the grant in the event we receive notice a campaign will be held.

The LDB generally runs this campaign in their stores for the full month of March each year. Last year's campaign was cut short in mid-March when COVID-19 restrictions were announced for the Province of BC.
