

Deadline: Sept. 16, 2016

This Tier 3 Screening Checklist is designed to provide information about a student's need for assistive technology. School teams complete this form and submit it to the Independent Schools Screening Committee for SET-BC services. Please refer to the guidelines on pages 6 to 7 prior to completing this form.

### **STUDENT INFORMATION**

School:		City:		
Surname:	Given Names:	Gender: ☐ Male ☐ Female		
PEN # (9 digits):	Birthdate: (YY/MM/DD)	Grade:		
Student is currently using assistive technology:				
On loan from SET-BC:  \( \text{Yes} \) No Provided by the school:  \( \text{Yes} \) No				
0.1.00.1.10.1.02.1.20.1		2011 - 110		
Ministry funding category in which student	is claimed:			
☐ A – Dependent handicap	☐ D - Physical handicap / Chronic health	☐ Other:		
☐ B – Deafblind	☐ E – Visual Impairment			
☐ C – Mod. to Prof. Intellectual Disability	☐ G – Autism spectrum disorder			
Disability diagnosis:				
Type of impairment (check all that apply):				
☐ Cognitive/academic ☐ Motor	☐ Vision ☐ Communication	Social / behavioural		
Special education services provided (check a	1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1			
☐ Speech language services		Occupational therapy		
☐ Services for the visually impaired		Autism/behaviour consultant		
Has this student been referred to and/or re	T			
Specify program and year:		Attach reports		
SCHOOL TEAM INFORMATION				
Form submitted by (key contact):	ln	ate:(YY/MM/DD)		
Title / Role:	<u> </u>	acc.(11/11111/1/22)		
Email:	P	hone:		
Address:		ostal code:		
	s outlined on pages 6 and 7 of this form) and ag	ree to provide the resources and time		
necessary to successfully implement assistive technology for this student.				
School Administrator Sig	gnature	Key Contact Signature		
School Administrator Signature Rey Contact Signature				
Print Name and Tit	de	Print Name and Title		
Screening Committee Decision (School team does not complete this section)				
	Yes No Defer			
Rationale for decision:

STUDENT PROFILE (Complete only the sections that are relevant to the student.)

STODENT PROFILE (C	ompiete only the	sections that are rele	evant to the stud	ient.)	
Cognitive / Academic Concerns in this area					
Cognitive level:	☐ Average (SS = 85	/ above average -115)	☐ Mild / mo (SS = 71-8	oderate delay 34)	☐ Severe / profound delay (SS $\leq$ 70)
Pre-academic skills (describe if applicable):					
Recognizes:	Objects		Photos		Line drawings
Has choice making	Yes		☐ No		
ability:	Yes		☐ No		
Has visual matching	<u> </u>				
skills:					
Academics (expectations		_	_		_
Reading	☐ Exceeds			inimally Meets	Not Yet Meeting
Reading compreher				inimally Meets	☐ Not Yet Meeting
Written language	☐ Exceeds			inimally Meets	□ Not Yet Meeting
Math / numeracy	☐ Exceeds	☐ Meets	U M	inimally Meets	☐ Not Yet Meeting
Motor Concerns in th	is area 🔲 Yes	🗖 No (if no, do n	ot complete this	section.)	
Mobility:	☐ Walks indep	endently	Walker/crutches	s/cane	☐ Other
,	☐ Manual wh	•	Power wheelcha	air	
Hand function:	☐ Effective		Impaired		☐ Not functional
Dominant hand:				Comment:	
Dominant nana.	- Leit	- Mgmt -	Dotti	comment.	
Writing/printing speed:	\\/(	M Tyr	oing speed:	WPM	
		□ Scribe		vvi ivi Extra time	☐ Reduced workload
Support required for wr	=				
_	ar keyboard 	☐ Regular mouse		loy stick	☐ Trackball
_	ar pencil	☐ Adapted penci	• .	Alternate keyboard	d Head pointer
☐ Hand	switch	☐ Head switch	<u> </u>	Other switch sites	
Vision Concerns in this	s area 🔲 Yes	☐ No (if no, do no	ot complete this	section.)	
Visual Impairment:	☐ Low v	sion	Visual fie	ld restrictions	Colour vision deficit
	Blind		Cortical v	visual impairment	Progressive condition
Preferred magnification	:			used:	
Acuity:	Right eye		Left eye:		Both eyes:
Reading medium:	☐ Large			nt with speech	Font size:
G. 1 . 1.111		/uncontracted	☐ Braille / c		☐ Auditory only
Student ability:	☐ Low v	sion clinic (include re	eport)	Typing speed:	WPM
Communication Conce	erns in this area	☐ Yes ☐ No (if	f no, do not com	plete this section.)	
Speech / Language:	Speaking	Ţ	Language diff	iculties	Articulation difficulties
	Non-speakin		Sign language		☐ Picture Exchange (PECS)
	☐ Gesturing / p		Speech gener		☐ Simple speech output device
	Communicat	on boards/books	Other (specify	/)	
What is the student's primary mode of communication?					
vvnat is the student's pr	imary mode of co	mmunication?

#### **NOTES:**

Submit project proposals to: FISA BC at info@fisabc.ca

**DEADLINE:** Friday, September 16, 2016 at 3:00 pm (PST)

If you have any questions about SET-BC requests, please contact one of your District partners: Doug Stam at <a href="mailto:DStam@timothychristian.ca">DStam@timothychristian.ca</a> or Jennifer Tong at <a href="mailto:jtong@cisva.bc.ca">jtong@cisva.bc.ca</a>

SET-BC (Special Education Technology – British Columbia) works in partnership with BC schools to provide assistive technology (AT) services for students with physical disabilities, autism spectrum disorders, moderate to profound intellectual disabilities, dependent handicaps, visual impairments, and deaf-blindness. Our services include planning for students' use of technology, equipment loan and technical support, training, resource provision, and ongoing support for AT implementation. For more information on SET-BC services, please visit our website at <a href="https://www.setbc.org">www.setbc.org</a>.

### PROCESS FOR ACCESSING SET-BC SERVICES

Teacher identifies student who requires assistive technology to support IEP goals.
Teacher refers the student to the school team. Team identifies a key contact to oversee the referral process.
Key contact person consults with support staff (e.g., occupational therapist, teacher of the visually impaired, speech language pathologist) to determine specific student needs. Key contact may also consult with SET-BC District Partner to confirm student eligibility for SET-BC services.  • Student must have an IEP.  • Student's access to the curriculum is restricted by his/her disability.
<ul> <li>School team completes the Independent Schools Tier 3 Screening Checklist.</li> <li>Teacher reviews Guidelines for Establishing IEP Goals and Objectives with Assistive Technology as a Strategy and signs screening checklist.</li> <li>School administrator reviews SET-BC and School Commitment to AT Implementation and signs screening checklist.</li> <li>Key contact ensures all members of school team are aware of referral, signs screening checklist, and submits it to FISA BC prior to the deadline.</li> </ul>
If the screening committee selects student to receive SET-BC services, key contact person is notified and committee forwards screening checklist to SET-BC.
Key contact person obtains necessary release of information permission from parents and submits signed <b>Request for SET-BC Service</b> ( <b>Parental Consent) form</b> to SET-BC to initiate service.

### SET-BC AND SCHOOL COMMITMENT TO AT IMPLEMENTATION

SET-BC works in partnership with schools to provide effective assistive technology services. Successful implementation of assistive technology with students requires a coordinated effort on the part of all team members.

SET-BC provides:	School team provides:
<ul> <li>Consultation services to match technology to student need and plan for implementation</li> <li>Loan of assistive technology (hardware and software) to schools for use with eligible students</li> <li>School team training</li> <li>Ongoing implementation support and resources</li> <li>Technical support to maintain and repair SET-BC equipment</li> </ul>	<ul> <li>Release time for consultation, planning meetings, and training</li> <li>Peripheral devices (e.g. printer, scanner) and consumable items as required</li> <li>Access to school educational software required (e.g. MS Office)</li> <li>Security for the SET-BC loaned technology</li> <li>Team access to online AT resources including information, training, and student materials</li> </ul>

www.setbc.org - 6 - 2016-2017 Application

#### SUCCESSFUL IMPLEMENTATION OF ASSISTIVE TECHNOLOGY

Successful selection and implementation of assistive technology with students include:

- effective school team consultation to ensure a good match of technology features to student need
- clear educational goals and a clear relationship between the assistive technology and how it supports the student's IEP
- adequate time for school planning, training, and ongoing implementation support
- effective school sharing of implementation responsibilities (e.g. troubleshooting, resource creation)
- integration of the technology throughout the daily schedule
- adequate time for student training and practice
- adequate funding for necessary peripherals (e.g. printers, scanners) and consumable items (e.g. ink, batteries)
- effective collaboration with school and IT support for coordinated maintenance and repair

### **GUIDELINES FOR ESTABLISHING IEP GOALS AND OBJECTIVES WITH AT AS A STRATEGY**

For information on establishing and implementing IEP goals and objectives, see the British Columbia Ministry of Education site at <a href="https://www.bced.gov.bc.ca/specialed/iepssn.htm">www.bced.gov.bc.ca/specialed/iepssn.htm</a>.

Goals	Objectives	Assistive Technology as a Strategy
<ul> <li>Challenge the student but are achievable</li> <li>Are relevant to the individual student's needs</li> <li>Focus on what will be learned</li> <li>Are stated positively</li> </ul>	<ul> <li>Identify various steps involved in achieving intended goals</li> <li>Organize tasks into sequential and measurable components</li> <li>Screen out unnecessary steps focusing on essential components</li> </ul>	<ul> <li>Recognize that AT is a tool to support achievement of IEP goals and objectives and AT, itself, is not a goal</li> <li>Ensure the relationship between the use of AT and the IEP goals and objectives is clear</li> </ul>

### **Examples:**

Goal	Objective	Assistive Technology as a Strategy
Student will participate orally	Student will greet the teacher without prompting upon entering the classroom by June	The MT4 communication device will be programmed with a "Hi Teach" button
Student will increase written output at the grade 4 level	Student will complete 10 paragraphs of writing over 10 consecutive language arts classes	Student will use computer and pre- programmed word banks in a picture based word processor
Student will increase independence in grade 10 class work	Student will take notes independently in each subject area by June	Student will use a room viewer to see teacher and blackboard and a laptop with screen enlargement to take notes
